Attention

Se il mobile si ribalta può causare lesioni da schiacciamento gravi o mortali. Per evitare che il mobile si ribalti, deve essere fissato saldamente alla parete scegliendo il sistema di ancoraggio più idoneo. A causa del peso elevato del prodotto a pieno carico, è necessario che il fondo del mobile sia adeguatamente resistente per supportare questo peso.

If the cabinet tips over it can cause serious or even fatal injuries. To prevent tip-overs, the cabinet must be firmly fixed to the wall through the most suitable fixing system. When the product is fully loaded, it is very heavy, therefore the bottom of the cabinet must be strong enough to support such weight.
